### DETAILED ACTION

1. Claims 1, 4, 6-11, 19-22 and 24 are pending. Applicant cancelled claims 2, 3, 5, 12-18 and 23.

2. Claims 1, 4, 6-11, 19-22 and 24 are rejected under 35 U.S.C. 103(a) as being unpatentable over Mindrum, US 7,222,120 in view of Abene et al, US 6,669,975 and Official Notice.

Mindrum discloses, e.g. cols. 1-7, conducting an on-line transaction comprising providing at least on computer server, e.g. Fig. 2, for use on the world wide web, where users may be provided a unique identification in creating an account, e.g. cols. 5-7, lines 59-45, and charging a fee for the services. Mindrum does not disclose a pet calculator. It is noted that Mindrum may be used with pets, e.g. cols. 3-4, lines 66-13.

Abene discloses obtaining information regarding pet-related services from a plurality of sources and providing results and feedback to a user.

Applicant's specification, e.g. page 13, discloses a pet calculator that uses common knowledge database information.

Mindrum apparently does not disclose from its provisional application where member/user accounts are charged for use of a web site. Official notice is taken that charging a member/user account for use of a web site has been common knowledge in the electronic world wide web database art.

To have provided pet-related services from a plurality of sources and providing results and feedback to a user for Mindrum would have been obvious in view of Abene. To have provided a pet calculator for Mindrum, as modified by Abene, would have been obvious to one of ordinary skill in the art in view of this common knowledge.

Further, to have provided charging a member/user account for use of a web site form Mindrum, as modified by Abene, would have been obvious to one of ordinary skill in the art in view of Official Notice.

3. Further references of interest are noted on the attached PTO-892.
4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
